A Legacy of Excellence Gala
THE DRAKE HOTEL
NOVEMBER 16, 2019
Dear Friends and Loyal Supporters,

In 1994, A Safe Haven (ASH) was privately funded and quietly born in a 13-unit apartment building in Logan Square, a poverty-stricken neighborhood in Chicago. Our plan was simple. We wanted to help a few people in crisis get back on their feet by providing them with room and board, and access to the services and resources they needed to overcome the root causes of their addiction and homeless issues. We noticed that the rising demand for our services was undeniable. We had nowhere to turn to share this knowledge, so we took a giant leap of faith to do something about it ourselves.

When we founded A Safe Haven, we never would have imagined that our vision and mission would lead to A Safe Haven surviving, enduring and growing over so many years, and that the work that we do would become so incredibly relevant today. Our hard work has paid off. Today, we are seen as subject matter experts and as the pioneering architects of the most complete solution to end homelessness, with a tried and true model we are sought out nationally and internationally to speak on so many of the overlapping topics we address, and we have proven are mostly retractable and solvable problems.

We were inspired to begin ASH by our own personal stories, two first generation American’s - one a military veteran and another from a poverty-stricken community, overcoming challenges we faced personally, and saw plaguing our communities, which led us to make a radical decision to create a new model for empowering people to break the cycle of poverty and its causes. Our crystal-clear vision and experience led to a mission of freeing people from the shackles of substance abuse, incarceration, domestic violence, poverty, and homelessness with a holistic and sustainable model. Today, each and every one who played a role and got involved deserves the credit for our collective success.

Guided by intention and purpose, what sets A Safe Haven apart is that we looked at the problem from the lens that in order to solve it, it needed to be a holistic approach. An approach that assesses and connects people to our unique network of behavioral healthcare services, education, economic and housing opportunities. Today, we are grateful to be recognized around the world for our model thanks to our leadership team and entire staff which is a combination of credible, lived experience and academically trained professionals who are all the most dedicated, passionate, and compassionate people you will ever meet. Most of all, we owe our success to the 125,000 inspiring and powerful testimonials from ASH alumni who placed their trust in us, and allowed us to help them transform their lives to self-sufficiency. We measure our success by their success.

We are also very proud to be accountable to all of our funders and supporters. A Safe Haven is rated as one of the most efficient organizations in the country where all of the money we get goes directly to providing food, shelter and services. There is no middle man.

As trailblazers, we have faced many challenges that were beyond our control, such as facing the stubborn social stigma, the economic headwinds, the political culture that so often supported entrenched systems and let’s not forget the powerful dark forces behind the opioid epidemic. Despite the challenges, we have experienced much joy and success in the knowledge that in the last 25 years we have had the privilege of serving and helping to empower the lives of those in need. We have also met so many great like-minded people along the way. It has been the most amazing journey of our lives!

We are proud of how far we have come, but know our work is not done. Not by a longshot!

Today, we cannot emphasize enough that we are at the most crucial crossroads in history. For the first time in our generation, we have a once in a lifetime opportunity to get it right. We humbly believe that it will take all of us to get involved to help us realize our ultimate goal of making sure that we do everything we can to replace our broken and fragmented systems with more compassionate, streamlined and accountable systems that can consistently put people who fall on hard times on a path to their highest level of independence. We invite you all to join us as we continue our journey to lead the way towards building a system that heals root causes of poverty and homelessness with dignity, and allows everyone to play a role in making this a better world.

In the meantime, let us all take a moment to review our performance metrics, and watch the inspiring video testimonials and imagine what the world would look like if we could unite around our common goal of ending homelessness. We believed it, and now we hope you believe it too. Be inspired to know that today we have smart choices that allow us to all do our part to do more good in the world! We hope you continue to partner with us. By sticking together with a shared love for all humanity, the future is bright and we will build an elegant solution.

Gratefully,

“I couldn’t stop and I didn’t want to stop. My patterns were affecting my daughter. I got arrested in Cook County and they sent me here (instead of jail). I’ve tried quite a few treatment centers since I was 20 years old. The difference is I work on all parts of my issue, mental health, substance abuse, living life, & I get (peer to peer) support. Learning how to live life again. The classes and the meetings reminds me of where I’ve been and I don’t want to go back to. She’s happy I’m here. I needed all the help I could get. The support here is phenomenal”

To begin the process of addressing the root causes of poverty and homelessness, at ASHF, all residents are assessed utilizing respective industry accepted assessment tools for various areas of their lives. The results of their individual assessments determine a baseline of their particular needs and are used to inform and design an individualized and holistic service plan. Clients are required to address and follow their individualized plan during their stay at ASHF. The basic areas of assessments include the following:

**SOCIAL**
**ACADEMIC**
**PHYSICAL**
**EMPLOYMENT**
**VOTER STATUS**

“I’ve been in prison 26 years of my life. I’m Truly Grateful They have a lot to offer. They help you get your id, housing, life skills, job training, education and I’m Blessed to be here. I don’t want to die. When you have someone who actually wants to help you, you can’t help but love them for it. Now I help people. Someone helped me. You want to change your life? In Chicago’s food deserts, such as North Lawndale, well balanced, nutritious and affordable foods are out of reach. For men, women and children living in poverty, studies have shown that this inaccessibility contributes to problems such as lower achievement in academics and health issues.

28,000 individuals served in A Safe Haven Food Pantry each year, providing community residents access to food to support their families’ nutritional needs.
Caring for the mind is as important as caring for the body in fact one cannot be healthy without the other.”

BEHAVIORAL HEALTH CARE

A Safe Haven’s team of professional behavioral healthcare clinicians provide on site individual and group therapy sessions to all residents of A Safe Haven in need of professional psychological counseling. Many residents, adults and children, of A Safe Haven have suffered from underlying traumatic experiences such as sexual assault, domestic violence, PTSD from gun violence, human trafficking, physical and mental abuse and co-existing mental health conditions or behavioral healthcare diseases such as depression, substance use, stress, bi-polar and schizophrenia. A Safe Haven trauma informed care services have successfully helped tens of thousands of our residents learn how to cope, manage and overcome their challenges in a way that allows them to restore their self-esteem and to live their lives successfully with life long commitments to recovery as positive productive members of society.

A Safe Haven Congratulates Federal Elected Officials For PASSING The Nation’s Historic Criminal Justice Reform Bill “First Step Act”

December 20, 2018 - The U.S. Senate overwhelmingly passed the Criminal Justice Reform Bill called the “First Step Act” with bipartisan support on Tuesday, a pivotal piece of criminal justice legislation that will allow low-level and nonviolent drug offenders to get treatment and workforce development services that help address the root causes of the high rate of recidivism, joblessness, homelessness and opioid dependence, rather than receive prison time.

A Safe Haven Foundation Co-Founder Appointed to the Illinois Institute of Medicine

June 27th, 2019 – The Board of Governors for the Institute of Medicine Chicago (IOMC) has appointed the 2018 Healthcare Innovation Honoree and Co-Founder of A Safe Haven Foundation, Neli Vazquez Rowland as a Fellow to one of Chicago’s oldest and most distinguished societies at their Annual Meeting in Chicago. Neli, will be joining Chicago’s most richly diverse group of healthcare professionals, with varying experiences, education and achievements, who all have the same vision to make a positive change in healthcare. The inclusion of Neli Vazquez Rowland, on the Board marks a new era where upon the traditional healthcare industry is now expanding its delivery system to build bridges with State licensed community based behavioral healthcare delivery systems. This convergence is crucial and revolutionary to creating a more comprehensive, integrated and seamless continuum of care to address both the healthcare needs of the patient and to create a warm handoff to address the underlying social determinants of health that are impacting so many of the most vulnerable populations of society.

“We Must All Work Together to End Youth Homelessness in America” — Jewel

Just one episode of homelessness can impact a child’s future health and educational outcomes. Homeless children, due to poor nutrition and housing conditions, are more likely to suffer from physical health conditions such as obesity, asthma, lead poisoning, and mental health disorders such as anxiety, depression, and disruptive behavioral disorders. Homeless students are also much more likely than their housed classmates to transfer schools, be chronically absent, have lower proficiency rates on state assessments, be suspended, drop out of school, or have special education and English language learning needs.

YOUTH SERVICES

YOUTH SUMMER EMPLOYMENT PROGRAM
“One Summer Chicago Plus”

ASHF participated in a city-wide initiative, One Summer Chicago, to provide financial literacy, job training, placement, and mentorship to youth from high violence communities. This program is in line with ASHF’s mission to create vibrant, viable communities in previously blighted areas. The youth participated in the city-wide beautification project and other activities designed to bring services to neglected neighborhoods.

43 COMPLETED THE PROGRAM
19 ENROLLED IN COLLEGE
40 RETURNED TO HIGH SCHOOL

YOUTH OVERNIGHT PROGRAM

A Safe Haven provides a City of Chicago funded Youth overnight shelter that is open 365 days a year for 25 homeless youth nightly. Many of the youth we serve in this program are aging out and are released from the foster care and juvenile justice system. Many of them are also runaways due to trauma and sexual abuse, and some are from the LGBT community. The goal of the program is to provide a warm place to get access to a shower, food, laundry services, shelter, a sense of community and belonging and professional counseling. The Youth Overnight Program is a stepping stone to engage youth into more intensive programming offered by ASHF.

Homelessness among veterans is a complex issue with multiple contributing factors. Understanding these factors is crucial in developing effective solutions. This page highlights key statistics and insights that underscore the importance of addressing homelessness among veterans. By partnering with various organizations and leveraging resources, initiatives like A Safe Haven can play a pivotal role in supporting veterans in need.
A Safe Haven’s Illinois Community College Board on site State of Illinois accredited vocational job training and workforce development programs provide our participants industry credentialed professional certifications, instill a solid work ethic through classes, provide paid on-the-job training, and provide access to internships and employment opportunities to our residents and to community participants. The job readiness programs at A Safe Haven have a strong track record of successfully helping build the professional skills and confidence needed to help our alumni succeed in overcoming barriers, and to have the ability to compete to obtain and retain jobs in high demand and rewarding career paths that help people have the ability to support themselves, their families and to break the cycle of poverty for generations to come.

“I’ve been struggling with addiction to heroin for 13 years. Started from my dental work and pain killers. What frustrated me I just couldn’t stop it was out of my hands. It was hard to find a program that accepted insurance or had state funding. After jail, I was sent to A Safe Haven. A Safe Haven staff treated me with nothing but courtesy. They give you the tools to deal with that. I went through stages, from dorm room setting to an apartment that I had to take care of and keep clean to your own place. That’s very unique move you to type of housing based on your progress. They take it to the next level. They got me job training, skill and certification in welding. I got a job I got a promotion to supervisor. They not only gave me back me they gave me back to my family.”

PHASED HOUSING SERVICES
A Safe Haven offers a unique continuum of phased housing that consists of direct access to a growing network of real estate developments. A Safe Haven’s network of housing is located throughout the Chicagoland area, including the surrounding suburbs. Traditionally, A Safe Haven’s investment in ‘at risk’ and economically disenfranchised communities has also served as a catalyst for community social and economic transformation. As people become stabilized and employed, they still face many barriers to safe and secure affordable housing. Access to the appropriate level of housing allows people to move from transitional, supportive, affordable, senior and military family housing to ensure long-term stability and safety. All sites are professionally managed, safe, affordable, beautifully maintained and professionally landscaped.

At A Safe Haven, you are giving a gift that contributes to empowering, transforming, and rebuilding the lives of individuals, families and communities in crisis long term. Give the gift to support an alternative system that is more responsible, accountable and intentionally designed to address and solve the root causes of poverty for almost anyone who finds themselves in crisis – long-term.

**Give Your Way** | A Safe Haven provides maximum flexibility to give to the cause that resonates with you the most. You can choose to give anonymously or in memory of a loved one to causes like hunger, domestic violence, shelter, job training, treatment, etc. and to special populations like children, mothers, youth and veterans. You can also provide unrestricted resources that allow us to use the resources where we need them the most!

**Charity Partner** | Name A Safe Haven as your Charity Partner for your next private or public event. Hosting a party, religious, school, corporate or private holiday event or party? Choose to fundraise or to do a drive in lieu of gifts to help the homeless at A Safe Haven. It gives everyone something to celebrate!

**Gifts of Securities and Real Estate** | Such gifts of securities or Real Estate, especially if appreciated in value, are very helpful to A Safe Haven. For the donor, they may also provide greater tax benefits than gifts of cash.

**Charitable Trust or Annuity - Provide Life Income Arrangements** | A charitable trust or gift of annuity is a meaningful gift to A Safe Haven and provides the donor with immediate tax deductions and an income for life.

**Bequests** | These gifts will enable donors to make significant contributions and a permanent legacy that may not have been possible during their lifetimes and provide the donation gift after death. It is a selfless way to give back to others and to be able to make a huge difference by giving another person or thousands of people a second chance at life.

**Life Insurance** | Creating a New Policy or transferring an existing one and naming A Safe Haven as the beneficiary enables a donor to convert a modest annual outlay into a substantial gift to A Safe Haven to leave a lasting legacy by helping others in need in the future.

**Ongoing Contributions** | We rely on ongoing weekly, monthly, quarterly or yearly donations or life event donations throughout the year to close the gaps. Please call us to learn how we may set up an account to allow your contributions to happen on a regular basis.

**Give at Work** | Let us know if you have Employee Matching options. (United Way #8587974 Combined Federal Campaign Fund #203976)

**Corporate and Foundation Grants** | Let us apply for funding with your business or family grants giving team. Our professional grant writers are always looking for new opportunities to partner.

**Planned Giving** | Contact Neli Vazquez Rowland, President, at Neli@ASafeHaven.org or call 773-435-8355
